

Tester Name	Agnieszka Pręcikowska
Application - task number	Mr Buggy 3 - 13
Test environment	Windows 10 Home
Duration	10 minutes
Areas tested	1. Verification of the "Poprzednie" and "Następne" button functionality.
	2. Verification of the "Koniec" button functionality.
	3. Verification of the checkbox functionality.
	4. Verification of the "Kolejny test" button functionality.
Defects	1. In case of lack of answer selection, automatically selecting the checkbox corresponding to the correct answer (equal to the task number) when proceeding to the next and then previous task.
Other	Suggestion to change the text from "Uzyskanych punktów" to "Ilość uzyskanych punktów".

Tester Name	Agnieszka Pręcikowska
Application - task number	Mr Buggy 3 - 18
Test environment	Windows 10 Home
Duration	10 minutes
Areas tested	1. Validation of the values entered into inputs.
	2. Verification of the displayed result after entering the values.
Defects	1. When entering the same, even incorrect values into both inputs, displayed result is "2".
	1. When entering incorrect values into both inputs, the message returned refers only to the incorrect value entered in input 1.
